AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,
No. 75 State Street, opposite Kilby St.
BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (sole Agent of the U. S. Patent Office under the Act of 1837), deter-

When it is found that the applicant is applying for patents, superior to those offered by inventors by others, has made arrangements, where by, on application prepared and conducted by him, **THIRTY DOLLARS** (instead of twenty, as paid heretofore by others) will be remitted to him in case of failure to obtain a patent, and the withdrawal, through the office, within thirty days after the rejection of

This Agency has not only the largest in New England, but through its inventors' legal advantages for securing patents, or asserting the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered there elsewhere. The particulars are below given, and that none **WASTES HIS SUCCESSFUL AT THE PATENT OFFICE**, and that should be

and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate—this immense practice of the solicitor during twenty years past, has enabled him to accumulate

west, collection of agreements and official descriptions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, rendered him able, beyond question, to offer superior facilities for obtaining patents.

Patents and Drawings: Herein refers to the product of
patents in this and foreign countries, prepared,
and advice rendered in legal and scientific mat-
ters respecting inventions, and management of
patents. All necessity of a journey to Washing-
ton to procure a patent, and the usual repeat delay
there, are here avoided.

R. H. EDDY, Solicitor of Patents

During the hour is spent in the office of Commissioner Patena, R. H. LODGE, Esq., of London, and Business in the Patent Office in connection with securing Patents. There were two, three, persons acting in that capacity, who had no special business before the Patent Office, and there were some who were connected with their skill, dexterity, and accuracy. I repeat Mr. Lodge is one of the best informed and most skillful Patent Solicitors in the United States, and has been so for many years.

...EDMUND BURKE,
Late Commissioner of Patents."

Director, Department of Patents, R. H. Eddy, Esq.,
 of Boston, has been exceptionally engaged in the transfer
 of business with the Office, and as a result, he is not
 acquainted with the law, and the rules of practice of
 the Office. I regard him as one of the most capable and
 experienced practitioners with regard to the official in-
 ventions.
